

# MUSHOOD HANIF

## Software Engineer

@ mohdmushood@yahoo.com

+ (92) 326 8860405

Lahore, Pakistan

Software Engineer working mainly with JavaScript. I have experience with JavaScript Frontend Frameworks like React.js, Vue.js. I am currently looking for a challenging environment that can help me harness my potential as a developer. I bring excellent development and web-based skills to the table and have a great desire to learn. I also have experience working under pressure so i know my way around drastic situations.

## EDUCATION

<https://mocean.info/>

MOcean is a B2B Information Sharing and Brokering Platform. This Platform enables various firms to server information to other businesses and their customers as well. Information about earning money, cryptocurrency and various other methods. Discord Servers and Channels are used as a Medium to Share Information.

React.js Bootstrap Laravel Linux Apache

### SEDCARD

SOFTSQUARE

<https://designer.modelplatform.com/headshots/fh>

SedCard is a Professional Composite Card Maker for Models. It helps create professional grade Composite cards easily and allows the user to download it as a PDF too. The professional Models need a Comp Card more than ever! That's why everyone can now easily create a amazing Composite Card and immediately download as digital PDF and JPG file. SedCard provides amazing designs and templates for the cover as well as for the back of your modeling card. Our latest feature allows actors and actress to add their references or any text instead of your measurements.

Vue.js TailwindCSS Vuetify Vuex Vue-router

### CARESOCIUS

SOFTSQUARE

<https://caresocius.org/en>

Caresocius is a software company focused on building a secure Ecosystem in the field of health travel. This opens up the door to be on the forefront of an industry that has not yet caught up with the global nature of the digital age. The lack of clarity regarding treatment outcomes has limited public access to global opportunities for medical services. Although this caution has been valuable, it has restricted the opportunity for accessing global and high-quality medical services outside geographical boundaries.

Vue.js TailwindCSS Headless UI Vuex

### SNEAKERS123

SOFTSQUARE

<https://sneakers123.com/en>
